

MIFARE IK10 READER

CLOUD-BASED ACCESS CONTROL SYSTEM | MOBILE ACCESS

EP-11M

NUVEQ EP-11M is a card reader with a minimalist design that draws inspiration from the Biblical story of Moses parting the Red Sea. The device reimagines the conventional access control card reader by utilizing an all-metal construction, seamlessly blending aesthetic appeal with practical functionality.

SPECIFICATION

Model:	EP-11M
Material:	Zinc Alloy
Power Supply:	DC12~24V, 35mA
Card Reading Type:	125KHz: EM 13.56MHz: MF/CPU/NFC (ISO14443A)
Reading Card Distance:	125KHz: <5cm 13.56MHz: <2cm
Output Format:	Card: wiegand 26-37 bit
Working Temperature:	-20-60° C
Operating Humidity:	0-95% relative humidity noncondensing
Environment:	IP65, IK10
Termination:	Pigtal
Cable Distance:	5m (22 AWG)
Dimensions:	103 * 48 * 22mm
